INDUSTRY PARTNERSHIPS

We've partnered with the industry's leading manufacturers and designers to ensure that our clients receive nothing but the highest quality branded safety, clothing, corporate and promotional products, often at below industry standard prices. We nurture and respect the distribution licenses we have negotiated with all of our suppliers - because we know that without them we wouldn't be in business! At Avid Edge, we recognise that our performance and the satisfaction of our clients depends largely on the quality of our supplier relationships. As such, we take great pride in the key brand and supplier relationships we have formed, which allow us to offer our clients a range of benefits such as off invoice discounts, preferential trading terms, and special group buying discounts. We are committed to building long-term, collaborative partnerships with businesses who share our values and our commitment to delivering an above-average level of customer service. We believe that this approach results in mutual benefit, inspires innovation, and will enable Avid Edge to make the best use of our suppliers' knowledge and expertise to further service our clients needs as we move forward.
